Mobile Application Development (SWE 3409)

INDIVIDUAL ASSIGNMENT 2

STUDENT DECLARATION

Student name	NZAYISENGA Erneste
Registration number	25/27341
Application name	NEPortfolio
Verification code	MOB-A2-7341
Assignment	My Name Is Personal Portfolio App

I declare that NEPortfolio is the application I am submitting for SWE 3409 Individual Assignment 2. The personal information, education, skills, and project descriptions included in my submission represent my own background and work to the best of my knowledge.

I have reviewed the application and the documents submitted with it. The test log records the outcomes that I reported from testing the standalone Android APK on a TECNO C16 running Android 13. I understand that the submitted files and demonstration must accurately represent the application as installed and tested.

I understand the university's requirements on academic integrity. Any external libraries, development resources, or artificial intelligence assistance used during this assignment will be acknowledged in the separate AI_USE.md disclosure. I take responsibility for checking, understanding, and submitting the final work.

I understand that the lecturer may ask me to demonstrate the application and explain the implementation, including navigation, profile editing, image selection, local storage, offline operation, and Android release packaging.

I confirm the statements above by signing below.
